

Facilities Committee Meeting
Thursday, January 17, 2013

7:30 am – Wing Farm Conference Room B

- I. Bill Perkins agreed to serve as chair of the committee at least until new committee assignments are made.
- II. Harriman Associates has begun to do a space utilization study done for our elementary schools. Some initial information/findings were presented at the meeting. Harriman will provide a report soon outlining several options related to space utilization that will be discussed by this committee and the Board of Directors.
- III. The committee discussed the building concerns surrounding Morse. The committee was provided with a list of our top concerns with projected costs. The district is looking into a bond to assist with the work that needs to be done at Morse and throughout the district at several of our schools.
- IV. Next meeting date: February 12th at 7:30 am
