

## INTRAMURALS AND ATHLETICS

Intramurals and athletics are an integral part of our educational process, and programs should be designed which contribute to the physical, social and emotional development of youth. We strongly urge participation of all students in some form of physical activity.

### Intramural Programs

- A. There will be academic eligibility requirements for participation.
- B. A student may not participate on an interscholastic team and an intramural team during the same season.
- C. All students must be covered by an adequate accident policy.
- D. All students must have their parents' or guardian's written consent to participate.

### Interscholastic Teams

#### Eligibility:

- A. Each participant must have a physical examination prior to the first practice of each new school year.
- B. All participants are required to be adequately covered by accident insurance.
- C. Students will be allowed to participate in only one sport during the same season.
- D. All participants must have their parents' or guardian's written consent to participate.
- E. All participants must conform to the training rules as prescribed by the coach.
- F. Only one physical examination will be required for participation in interscholastic sports.
